to the LHM-India Christian Media Centre

By next year, India is expected to become the most populated country with 20% of Earth's people. Yet Christians represent only 3% of the population. Founded in 1951, the LHM-India Christian Media Centre undertakes the challenge of spreading the Good News to hundreds of thousands of Indian people who have never before had the opportunity to learn about Jesus Christ.

The Christian Media Centre, India, 2008

The LHM-India staff reaches out with the Word of God by using devotional songs, dramas, dialogues, cassette ministry, printed literature, and Bible Correspondence Courses. Additional ministry includes providing wells in 20 primarily non-Christian villages that were in need of safe drinking water.

LHM-India responded quickly to the tsunami of December 26, 2004 by providing food, clothing, Bibles, spiritual help, radios, and kerosene stoves. They are still reaching out to tsunami victims through an orphanage and home building.

The Centre is currently in great need of renovation in order to continue to provide their effective ministry.

In response to this need, the California-Nevada-Hawaii District, in partnership with Lutheran Hour Ministries, is sending a mission team to India to help the staff and volunteers at the LHM-India Christian Media Centre in Chennai, India. Last summer, a mission team of 15 journeyed to India to begin the renovation work and act on our commitment to India. This summer, a second trip is planned to continue the work and partnership. This India mission trip is set for August, 2009.

Bibles donated from the CNH district arrive in India

The Team will **learn** about India through cultural experiences and by fellowshiping and worshiping with local Lutherans. The Team will **serve** by carrying out the much needed renovations. But most importantly, the Team will **share** the love of Jesus through words and action.
